Hourly Attorney Charges may be reduced by 10% for client's whose accounts with Oppedahl Patent Law Firm LLC are current if total of Attorney Charges and applicable Government Fees are remitted in advance.

The professional fees listed here are based upon these assumptions:

- that we are dealing with a trademark firm outside of the United States, and that the trademark firm in turn serves its client
- that our invoices are paid to us promptly by the trademark firm (less than one month) even if the client has not yet paid the trademark firm's invoice
- that we are paid the full amount of an invoice (all bank wire fees paid by you and not charged to us)
- that you provide requested information, instructions, and documents promptly, by email or fax.
- that Oppedahl Patent Law Firm LLC does not need to ask repeatedly for information, instructions, or documents.
- that papers requiring the applicant's signature are signed electronically, not by fax or on paper
- that papers requiring signature are signed and returned to us promptly.
- that in cases where Oppedahl Patent Law Firm LLC asks to be paid in advance, that the advance payments are made promptly.

When these assumptions are not satisfied, the professional fees charged will be greater than those listed here.

Special rates are available for firms with which we have long-standing relationships.

Most of the professional fees listed above include a \$10 amount to cover what our bank charges us to receive a wire transfer. If two or more professional fees are being paid in the same wire transfer, the second and additional \$10 amounts may be deducted from the total. If you pay us by means of a check drawn on a US bank and denominated in US dollars, then this \$10 amount may be deducted from the total.

Please note that if your wire transfer to us is received at less than the dollar amount of our invoice (for example due to currency conversion or because you have instructed your bank to charge the wire transfer fees to us), then we will expect you to pay the rest of the balance.
