# USPTO e-commerce areas of particular success

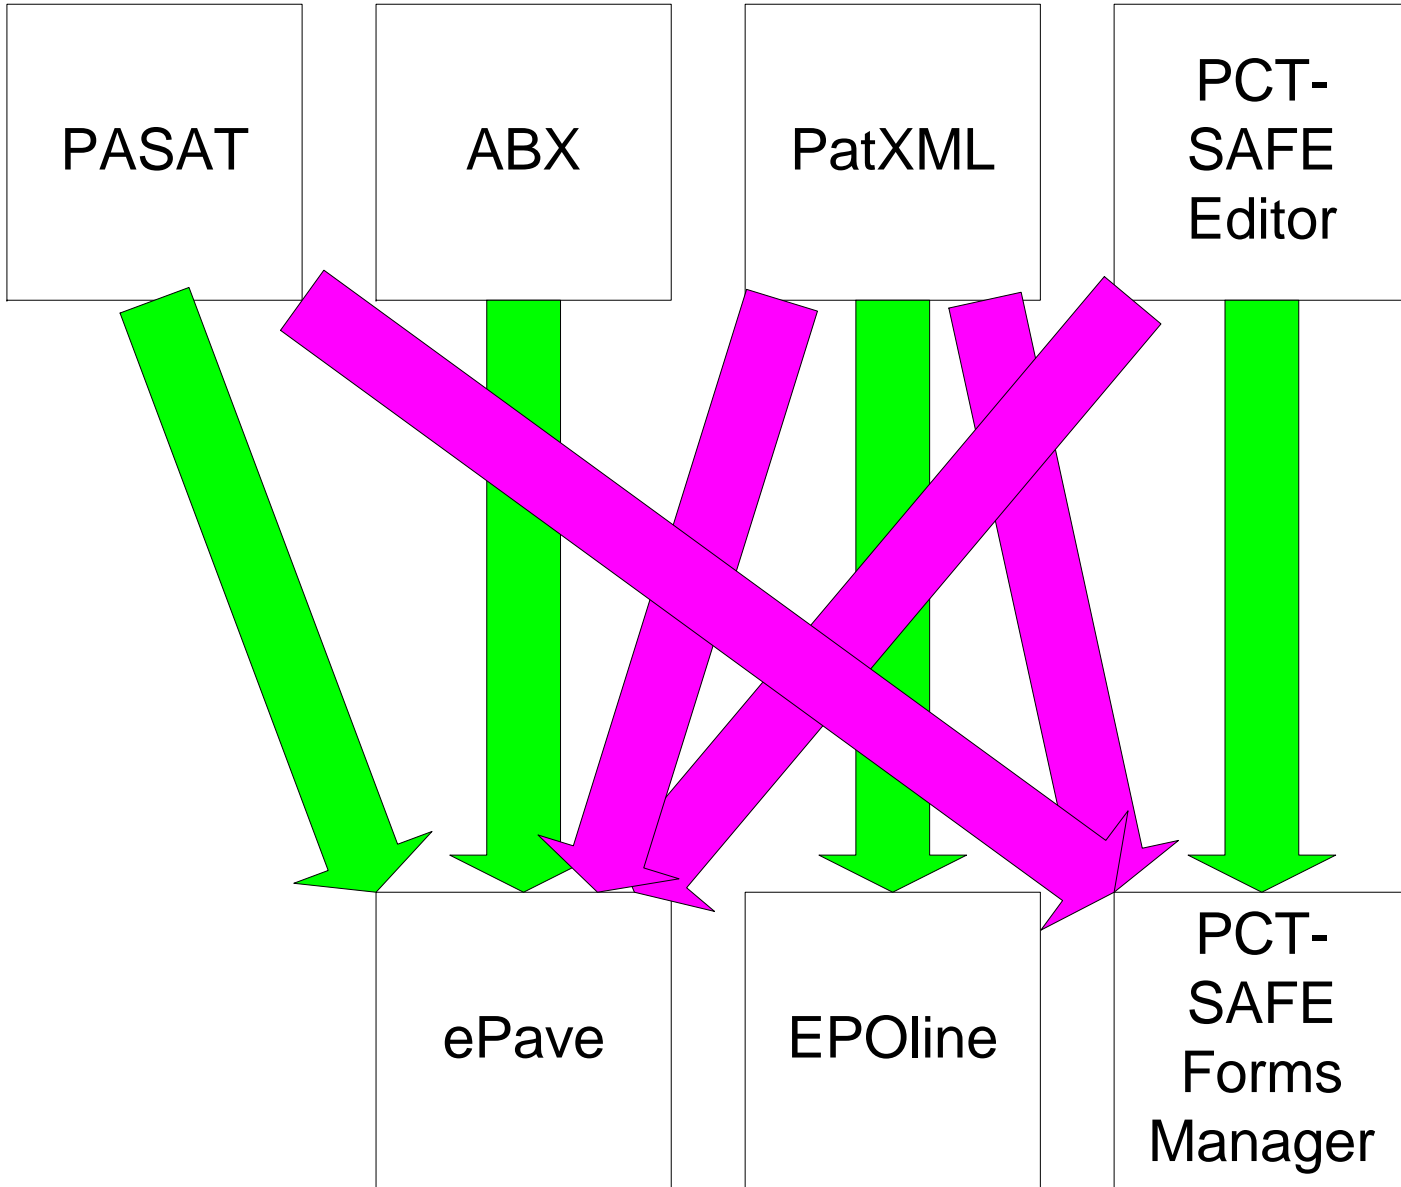

- Private PAIR outgoing correspondence notifications
- Annex-F work
- Image File Wrapper (backfile conversion 1 or 2 percent per day)
- Trademark e-filing
- public-side PAIR and private-side PAIR generally
- E-IDSs
- Quick and smooth integration of e-filings into IFW
- Patent assignments online
- Trademark assignments online
- Quality of service in EBCs

# Areas to look forward to

- ABX authoring tool
- e-filing of PCT US/RO filings
- e-filing of entry into US national stage
- Support for cross-platform e-filings into ePave

# One person's wish list

- e-filed IDS for non-US references (via PDF)
- e-filed time zone in Hawaii
- e-filed US patent applications via PDF (with appropriate incentive to migrate to XML) along the lines of PCT PDF filings
