- YES, I learned a lot.

How could this PCT Seminar be improved?

- The materials were greatly covered with enthusiasm, keep it up!
- The room could be warmer

- Less time spent on certain topics- Demands? Declarations? Just a thought, not a criticism. Carl is always a great presenter.
- More detail on certain topics.
- Maybe make slides available ahead of time, so questions can be prepared.
- more hands-on ePCT, perhaps have a computer, you can share the screen with the audience with and go through some of the steps you cover with the slides and powerpoint
- Identifiers to session guide that would help determine if administrative versus other roles would be the target audience for each session, example below -attorney -admin roles -other
- provide electrical power connections
- for repeat attendance, perhaps deeper drive on complicated and sophisticated topics?
- more training
- Hands-on demonstrations at ePCT, Patentscope
- Longer and more after
- I could handle a two-day one with even more information.
- More Carl
- For practitioners, I feel that many details on formalities and procedures are not as relevant for counseling their clients, it'd be using helpful for us to highlight and or add more strategic practice tips and client counseling scenarios for practitioners and thanks to Carl for making the seminar so fun
- Very informative, sample cases, training would be helpful
- 1 Option to attend via phone or video; 2 more new information available or possibly a seminar that is shorter in time that discusses new information and procedures
- Thanks,Carl.
- Carl should keep his shoes on – haha joking – Excellent A+
- good as is
- consider a two-day seminar instead of a one day seminar to allow for more to go into more detail and not cruise many slides. Many thanks Carl for your excellent presentation and extensive knowledge. Looking forward to the next presentation. Take care kind regards.
- more gifts and prizes
- I thought it was way informative, but could with less plugging of Carl's blog
- Could use more even coverage of topics, felt that some points were only covered while others glossed over.
- wish we spent more time on using ePCT. Common issues, tips tricks, etc.
